ENRICHMENT AFTERNOON - STARTING FRIDAY 3rd MARCH 2017 FOR ALL STUDENTS

On Friday afternoon, every week, all children will participate in a wide range of enrichment activities. These activities are designed to provide children with opportunities to explore skills and talents they may not otherwise discover, adding another layer of learning opportunities onto their school experience. These activities change regularly throughout the year to provide as broad a range of experiences as possible.

This term the children will choose their activity for the entire term, allowing them to practise and develop their skills. This term's activities are listed below. Clubs are taught by school staff.

Due to location and equipment limitations unfortunately numbers are limited in each club.

Where demand exceeds these limitations names will be picked from a hat to ensure fairness

Film Club We will be watching a wide range of age appropriate films from numerous genres and then discussing the impact, context, plot and more.

Drama We will be devising, rehearsing and performing original pieces of theatre. Come and join in the fun!

Board Games In the modern world, it may seem old fashioned to sit down with your family or friends to play a board game. With all the technology available and 1000's of hours of entertainment one click away, board games don't seem to be a priority anymore. Playing games is an easy and excellent way to spend unhurried, enjoyable time together. As an added bonus, board games are also rich in learning opportunities. Bring your own games or use the ones available at the session, the choice is yours!

Sketching This is a fun and creative club for all those who like to draw. Class will focus on methods for sketching different characters, expressions, movement, themes and landscapes. Children will enjoy learning effective techniques for creating their own pictures and / or telling stories through images.

Craft Club This class will give your child the confidence to create all kinds of wonderful projects. Every project will use different media. We'll work with water colours, chalk pastels, oil pastels, coloured pencils, markers, sequins and glitter. We'll make many three-dimensional pieces working with different kinds of paper, silk, felt material and tissue paper. The atmosphere is comfortable and non-competitive so children can experience the joy of their unique artistic expression.

The Sports-Fitness Club This club focuses on improving coordination and agility, good sportsmanship, the importance of healthy eating, and skills for multiple sports including soccer, basketball, football, hockey, and other fun, team sports.

Italian Learn Italian through songs, games and interactive activities. Class reviews themes such as; clothing, body parts, numbers, weather, colours, foods, professions, sports, and basic conversation skills (introductions, nationality, age, etc.). Children learning at an early age will find it much easier to pick up again later in secondary schools.

Photography Explore the world through the lens. Photography will help you develop basic skills so that you can express yourself with originality and creative flair. *Unfortunately as we only have 9 cameras that the children would need to share, numbers in this club are very limited. Having their own personal camera may allow more children to participate but is not an essential requirement.*

Embroidery and Sewing Whether you are keen to try hand embroidery or sewing come and discover the many versatile embroidery and sewing techniques and be able to design and create your own unique pieces.

Proud to be part of the **UNIVERSITY OF CHICHESTER ACADEMY TRUST**

SPRING TERM ENRICHMENT FOR ALL STUDENTS STARTING FRIDAY 3rd MARCH 2017

Student's Name: _____ Class: _____

ENRICHMENT CHOICES

- (a) Please note that every effort will be made to give you your first choice, but this may not be possible so choose your options carefully.
